PROUDEST ACHIEVEMENT

Raising caring and thoughtful kids

MY FAMILY

Husband, Justin; and 3 children, Collin, Baily and Elise

Stormi has always been so kind to me when I come in for my appointments and when she comes in for appointments at my clinic. She has seen me at my worst and best points, and has made my patient experience phenomenal. I see how much she cares for each patient and she always knows how to make my day a little better even just by smiling or being empathetic about what I was in for that day. Stormi is a great example for us all when it comes to patient care and empathy.

Purpose, Worthwhile Work...
Making a Difference!
