

# EMPLOYEE OF THE MONTH

## EMILY SCHULTZ

Diagnostic Imaging  
Applications &  
Patient Access  
Supervisor,  
DID Admin

## FEBRUARY 2026

### ABOUT ME

- **I live in:** Tampico
- **Joined CGH on:** July 28, 2023
- **Education:** Associate degree in Applied Science, X-ray/CT/MRI certified
- **Hobbies:** Canning and gardening; shopping in antique shops; and cozy nights binging a good Netflix series

We want to recognize the amazing job Emily does every day for our patients. She goes above and beyond to accommodate requests from multiple departments. In Oncology, procedures are often needed urgently to confirm a diagnosis so treatment can begin as soon as possible. Most recently, Dr. Alikhan had a patient that needed a bone biopsy with sedation and CT guidance. Emily worked diligently with all departments involved and was able to get it added on within a few days. Emily always has the patient's best interest in mind and truly cares about each one. Her calm, competent, and reassuring demeanor makes us appreciate her efforts! She is an essential piece to the puzzle when we all work together. Thank you, Emily, for all you do!

### PROUDEST ACHIEVEMENT

Graduating college and pursuing further certification in radiology

### MY FAMILY

Boyfriend, Jake; and two pups, Mack and Millie

Purpose, Worthwhile Work...  
*Making a Difference!*
